- Hear more about our **2014 agenda**. We're ramping things up to strengthen regulations around construction in occupied buildings this year.
- Be a part of the RTE effort! Get involved with one of the various subcommittees:
Survey Distribution ♦ Regulatory Reform ♦ Actions & Demonstrations ♦ Media
- Take the **RTE survey** to tell us how bad construction was in your building! Also get copies of it for your neighbors.
- General Construction Q & A to follow; we'll distribute **info packets** to anyone who doesn't have them on *How to survive the construction nightmare*.

RTE aims to hold landlords accountable during construction through effective DOB enforcement, so that your home remains safe and habitable.

Conducted by the Cooper Square Committee.
