

# COME OUT & SHOW OPPOSITION TO NYCHA'S PLAN TO BUILD LUXURY HOUSING

**NYCHA is planning to lease public housing land so private developers can build luxury housing at 8 public housing projects in Manhattan...**

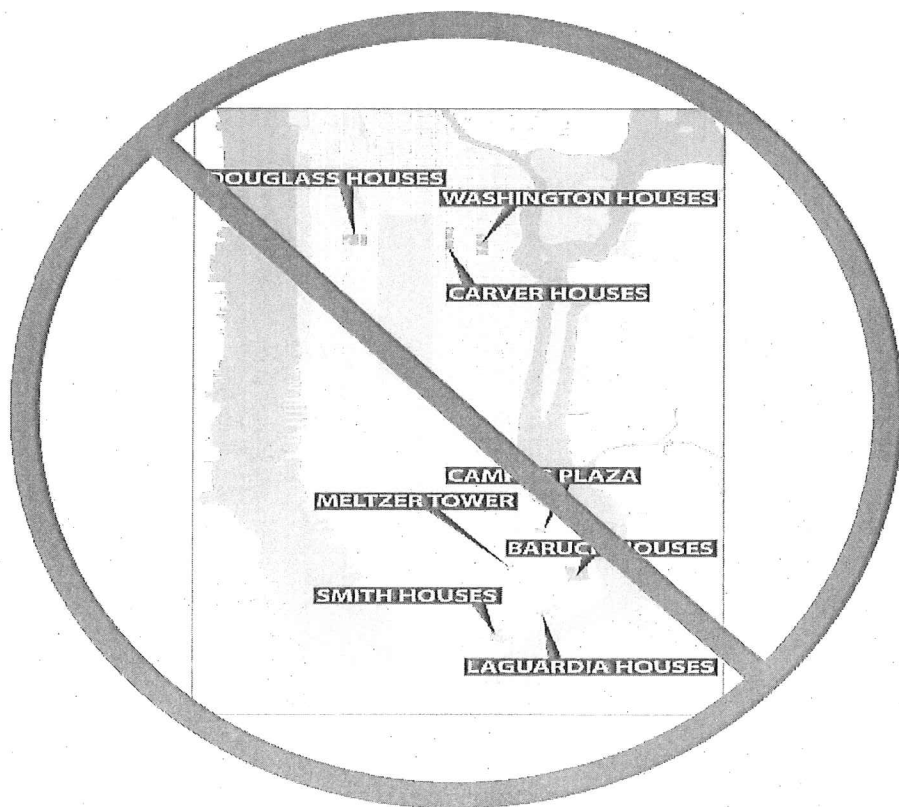

- At Campos Plaza, Baruch, La Guardia, Smith, Meltzer, Carter, Washington, & Douglass Houses

**NYCHA says they need money to make repairs and save public housing, but why**

- are private developers making most of the money in this plan?
- is NYCHA paying the NYPD more than \$70 million a year for "special police services?"

**A plan like this raises some serious concerns & NYCHA is not talking about how this plan will cause**

- Loss of parking, playgrounds & open space
- Strain on sewer system & electrical grid
- Increased police harassment
- Reduced political representation
- Traffic & congestion
- Escalating rents in the neighborhood
- Increased prices at local stores
- Over crowding in schools
